Dear Mrs Manly.

I certainly appreciate all your kindness in assisting me with your uniform order. Same has been placed as you desired with factory with instructions to try and produce them by 2nd. but I am not sure they can get them made up by that date. However they will do all possible to make them as soon as possible. Each suit must be a seperate cutting for size and fit.

I advised them all the details you suggested and believe the Eagles in Script will look OK. Also ordered Script "N" on Cap to match. Trusting that they will please you and Mr Manley as well as help you win the Championship this year. Again thanking you both for the order

I am as always

Bob Rose
